Center for Free Enterprise and Entrepreneurship (CFEE) Presents "Morning Grind"

Lakeland, FL — The Barney Barnett School of Business presents the grand opening of CFEE's new student-led coffee cart "Morning Grind."

The opening will occur on October 31st outside of the Becker Business Building during Morning Grind's regular operation hours from 7 A.M. to 3:30 P.M.

In partnership with Concord Coffee, Morning Grind is proud to be able to serve fresh espresso to FSC students and faculty. The grand opening will allow students and faculty to taste their developing menu and specialty drinks. Menu highlights include lattes, cortados, mochas, cappuccinos, teas, and many more to come.

At the opening, students and faculty will receive 50% off beverages by following the Instagram page @morninggrind_fsc. Students and faculty can use cash or credit to purchase items from the cart.

This event is partnered with Florida Southern's Center for Student Involvement to allow students Passport Credit. For their support, students can earn this through the Corq app by scanning in at the ribbon cutting ceremony at 10 A.M., no purchase necessary.

About Morning Grind

Morning Grind is a student-led experiential learning lab for students to utilize their acquired skills to start and operate a business. As the primary decision-makers, students working on the coffee cart can uniquely enhance their learning in a more tangible, applicable way. The Morning Grind team stems from majors all across campus that strive to serve the business with substantial excellence.
